| | Outside Misc. are those outside Ohio that may occasionally check in. | | | | | | | | | | | | | |

Report D&C

Total Stations and Active Counties

by Rolling Month

July 2021 is much the same as June with nothing new to report. NVIS propagation has made signals a little weak and there has been much QRN from lightning discharge.

Mothly reporting in the rolling month format has now spanned a full year so, as a reminder, the graph above begins August, 2020 and ends with July 2021.
