Upcoming Contests - Things to Do

CQ World Wide WPX Contest, SSB

One of the largest HF contests of the year, the CQ World Wide WPX Contest, SSB, runs from 0000 UTC Saturday, March 30 through 2359 UTC Sunday, March 31. Participants may operate on the 1.8, 3.5, 7, 14, 21, and 28 MHz bands. The exchange is your signal report and a sequential contact serial number starting with the numeral 1. Single Operator stations may operate 36 of the 48 hours, and off times must be a minimum of 60 minutes, during which no QSO is logged.

Multioperator stations may operate the full 48-hour contest period. For full rules and scoring details, see www.cqwpw.com/.

VHF/UHF Spring Sprints

Of interest to weak-signal VHF/UHF amateur radio operators, the 144 MHz Spring Sprints, sponsored by the Central States VHF Society, begin on Monday, April 1, at 1900 local time, and concluding at 2300 local time. The 144 MHz Spring Sprints are the first of a series of five events, each focusing on specific bands. The remaining dates are as follows:

- 222 MHz - Tuesday April 16, 1900 - 2300 Local
- 432 MHz - Wednesday April 24, 1900 - 2300 Local
- Microwave - Saturday May 4, 0800 - 1400 Local
- 50 MHz - Saturday May 11, 2300z through Sunday May 12 2024 0300z

<https://sites.google.com/site/springvhfupsprints/2024-information>.

Georgia and Florida State Parks on the Air Events

If you're a Parks on the Air activator or hunter, there are two events occurring the first week of April that might be of interest. [Georgia State Parks on the Air](#) begins at 1200 UTC on Saturday, April 6, and concludes at 2359 UTC on Sunday, April 7. Also, [Florida State Parks on the Air](#) begins at 1400 UTC on Saturday, April 6, and concludes at 2200 UTC on Sunday, April 7. For more information, visit the individual sponsors' websites

Upcoming State QSO Parties

For those of you who enjoy state QSO parties, here are three events coming up on the first weekend of April that might be of interest to you. You can also find more details in the Contests section.

April 6 -7:

- [Louisiana QSO Party](#)
- [Mississippi QSO Party](#)
- [Missouri QSO Party](#)

HamSCI Solar Eclipse QSO Party

The Solar Eclipse QSO Party (SEQP), one of the events to be held during the HamSCI Festivals of Eclipse Ionospheric Science, will be held from 1400 to 2359 UTC on April 8, 2024. Participants are encouraged to operate before, during and after the eclipse passes over the continental U.S. The SEQP is unique among ham radio competitions as it awards points for two-way QSOs (ham-to-ham contacts via radio) and bonus points for reception reports from CW skimmers, [Reverse Beacon Network](#), [PSKReporter](#) and the like. The exchange is an accurate signal report and your four-digit grid square. Complete rules are available at <https://hamsci.org/seqp-rules>.

Results and Records

2024 Minnesota QSO Party Results

Mark Endorf, WA0MHJ, has announced that the results of the 2024 Minnesota QSO Party are now available at <https://www.w0aa.org/results/>.

North American RTTY Sprint Preliminary Results

The preliminary results for the North American RTTY Sprint have been posted at <https://ncjweb.com//sprint-scores/preliminary/sprintrttyrmar2024prelim.txt>. The final article and results will be in the May/June 2024 issue of the *National Contest Journal* and posted at ncjweb.com.

- Thanks to Ed Muns, W0YK

Conversation

With the [CQ World Wide WPX SSB Contest](#) this weekend, it's an appropriate time to remind contesters to pay attention to band edges. If you're operating near the upper or lower edges of the band (or of your operating privileges), be aware that your signal's bandwidth may extend beyond the frequency displayed on your radio. For example, if your radio reads 7.125 MHz on lower sideband phone, your signal extends outside of the US phone band (and into the CW portion of the band). With the quick pace and excitement of a contest, it's easy to lose track of upper and lower band edges, as well as of your license privileges.

If you're using spotting assistance, be aware that some foreign amateurs have different frequency allocations and may be spotted operating on frequencies that are not allowed for US amateurs. Be sure to always check that the spot you just clicked on is within your privileges.

The ARRL website has a handy, printable [band plan chart](#) for those who wish to have one for quick reference.

That's all for this time. Remember to send contesting-related stories, book reviews, tips, techniques, press releases, errata, schematics,

club information, pictures, stories, blog links, and predictions to contest-update@arrl.org.

73, Paul, N1SFE

 Your One-Stop Resource for Amateur Radio News and Information
[Join ARRL or Renew Today!](#)

No other organization works harder to promote and protect amateur radio. Membership supports benefits, services, programs, and advocacy to help you get (and stay) active and on the air. Membership includes access to digital editions of all four ARRL [magazines](#): QST, On the Air, QEX, and NCJ.

Subscribe to [NCJ - the National Contest Journal](#). Published bimonthly, it features articles by top contesters, letters, hints, statistics, scores, NA Sprint, and QSO Parties.

Subscribe to [QEX - A Forum for Communications Experimenters](#). Published bimonthly, it features technical articles, construction projects, columns, and other items of interest to radio amateurs and communications professionals.

Free of charge to ARRL members: [Subscribe](#) to The ARRL Letter (weekly digest of news and information), the ARES Letter (monthly public service and emergency communications news), Division and Section news, and much more!

ARRL offers a wide array of [products](#) to enhance your enjoyment of Amateur Radio. Visit the site often for new publications, specials, and sales.

[Donate](#) to the fund of your choice - support programs not funded by member dues!

Reprint permission can be obtained by emailing permission@arrl.org with a description of the material and the reprint publication.
