Total Stations and Active Counties

For August 2022, OHDEN experienced a significant increase in participation and the highest monthly roster count in the rolling calendar year with a count of 76 stations. (Note that data are normalized to four sessions per month.) In addition, three new stations were added to the roster, N8FQP (Summit), KI8N (EC, Knox), and AD8IE (Tuscarawas) this month. Kudos to EC's KA8OAD and KE8JNN for their recruitment. Tuscarawas is also a new county for OHDEN.

The count of active OHDEN counties for the month of August, 2022 also experienced the highest value in the rolling calendar year with a value of 23.

Overall, the NVIS propagation conditions improved this months compared to the past several months.
