Ohio Honored Proudly in 2017 S.E.T.

2017 SET Top Ten	
Section	Points
ARES Activity	
Alabama	5,940
Mississippi	4,987
Ohio	3,434
Georgia	2,782
Wisconsin	2,053
Western Pennsylvania	1,901
Tennessee	1,425
Indiana	1,346
Eastern Pennsylvania	1,080
Eastern New York	915
Section/Local Nets	
Mississippi	5,723
Wisconsin	4,213
Alabama	2,564
Georgia	1,653
Connecticut	1,578
Ohio	1,101
Tennessee	879
Western Pennsylvania	373
Western New York	333
Los Angeles	265

In an article that is currently appearing in QST, Ohio shines really bright in the ARRL 2017 S.E.T. results. For ARES Activity Ohio ranked 3rd in the nation only behind Alabama and Mississippi.

In the Section/Local Net activity for S.E.T. Ohio ranked 6th behind Mississippi; Wisconsin; Alabama; Georgia and Connecticut.

Everyone should feel really proud of these numbers. It shows that Ohio is right up there in training when it comes time for something bad to happen!

The points for ARES activity were awarded in the following manner:

Number of amateurs participating – 2 points (each)	Liaison was maintained with an NTS section/local net – 10 points
Number of new amateurs (licensed since 2013) - 3 points (each)	Digital modes were used during test – 10 points
Number of formal third party messages originated on behalf of served agencies - 1 point (each)	Number of different agencies for which communication was provided - 5 points (each)
Tactical communication was conducted on behalf of served agencies: (<0.5 hour, 5 points; 0.5-1 hour, 10 points, >1 hour, 20 points)	Number of communities in which agencies were contacted – 10 points (each)
Number of stations on emergency power during test – 2 points (each)	Press release was submitted – 10 points
Number of emergency-powered repeaters used in test – 10 points (each)	Bonus: Is your group represented by an ARRL Public Information Officer? If YES, score 10 points
Dual membership in ARES and RACES is encouraged – 10 points	

The points for net activity were awarded in the following manner:

Total number of messages handled – 1 point (each)	Number of new amateurs (licensed since 2012) in test - 3 points (each)
Number of different stations participating – 2 points (each)	Number of net control stations - 5 points (each)
Number of different stations checking-in on emergency power – 2 points (each)	Number of different stations performing NTS liaison – 5 points (each)

Hey Gang,

It's just come to my attention that we have a person in Ohio that has set a new record for the 8 Area call district. This past February 2018 CQ World Wide RTTY WPX Contest honored Greg Drezdzn, WD9FTZ with the certificate below.

Greg was number 1 in North America and number 5 in the world.

This is Fantastic for sure!!
Congrats Greg.

HEY!!! Ohio Field Day Participants!!

Want a good press release? Want a copy of the Ohio Governor’s Proclamation for Field Day? Go to: http://arrl-ohio.org/FD_Message.html You can also get instructions on how to write and send a Radiogram to the Ohio Section Manager for Field Day there as well.

The Handbook Give Away

Hey Gang,

Have you registered for the “Handbook Giveaway” drawing for this month yet? If you haven’t, go to: <http://arrl-ohio.org/handbook.html> and get registered.

What’s the catch? I want to get everyone checking in to the Ohio Section website as often as possible, and in order to register each month, you have to visit the website often! There’s nothing else to it.

I pay all expenses, and from time to time, I Give Away more than just a Handbook. And, you’ll never know just what months will be those special times that I will have more than just a Handbook to Give Away!!

Many of you ask me just how do I know when the drawing is on? Well, that’s easy all you need to do is check in on the Ohio Section Website on a regular basis and watch for the big **RED** Arrow that will appear on the left side of the page. This is the sign that the drawing is on and you need to get registered. So, keep a sharp eye out on the website and check in often! <http://arrl-ohio.org>

One Question Questionnaire

Hey Gang...

There’s another NEW – one question – questionnaire on the Ohio Section Website! <http://arrlohio.org> I noticed that less than 30% of you said that you had your Worked All States (WAS) Award. Wow, there’s a lot of you out there that need to start working on this. It’s really rewarding and FUN too!

It’s all in fun and we are learning some things that we didn’t know from these questions. I hope that you are enjoying answering these “ONE QUESTION” questionnaires.

Now, here’s the next question... **“Have you checked into ANY of the Digital Nets this past month?”**

Club Corner

This is YOUR corner of the newsletter. Send me what your club is doing and I’ll make sure that it gets in. Got a special event or club project that you want everyone to know about? Send it to me!. Need help with a project? Send it to me.

Need Help!

We need volunteers for several public service events.

Mohican Run – **June 16-17**. Volunteers are needed to help with the Mohican 100 run. The biggest help is if volunteers can work the night shift. Contact Mike Brugger, N8CEY, at n8cey@arrl.net for more information.

AAARC wants to activate the Ashland County EOC for Field Day - **June 23-24**. The Ashland County EOC is at the Ashland County Service Center, 1763 Ohio 60, lower level. Contact either Jack Leisure, KC8MBC, kc8mbc@yahoo.com or Lee Farquharson, N8LFK, n8lfk@arrl.net.

Ashland BalloonFest – **June 28-30**. Each year the AAARC helps at the Ashland BalloonFest balloon glow during the evening of each day of the event. We still need volunteers for the event. I currently have about 5 volunteers. We need approximately 13 volunteers per night. For more information, contact Lee Farquharson, N8LFK, n8lfk@arrl.net

Need Help!

I finally heard from the Muddy Mini organizers. I'm going to need about 15 operators on Saturday, **June 16th** from about 7 AM to 11:30. The race runs from downtown Maumee to Mud Hens Stadium in downtown Toledo. If you can help out or need more information please contact me at k8rks@arrl.net or 419-471-0573. Thanks!

Need Help!

Hello everyone,

We have a MS Bike Ride scheduled for **Saturday July 7th**. It starts and ends at Coffman Park in Dublin and loops as far as Bellefontaine.

If you would like to help provide amateur radio support for it this year, please send me an e-mail and let me know your time availability and where you will be coming from.

I will take that into consideration when assigning rest stop locations to cover. Here is a link with information about the bike ride: http://main.nationalmssociety.org/site/TR/Bike/OHABikeEvents?pg=entry&fr_id=29948

I will follow up with everyone that can help with more detailed information. If you know anyone that would be interested in helping provide amateur radio support for the event, please share this e-mail with them.

The Ohio Weekly DMR Net Report

June 6 DMR Net

District 1 – 4	District 5 – 16	District 9 – 6	QNI: 104
District 2 – 3	District 6 – 18	District 10 – 4	
District 3 – 7	District 7 – 14		Time: 48 minutes
District 4 – 15	District 8 – 10	Outside of Ohio – 7	NCS: K8MDA

The reason for conducting this net every week is to make sure that all of our connections to the now ever-growing list of repeaters throughout the state are working as we want them to be.

Interested in being a net control for this net? Contact Duane, K8MDA at: k8mda@arrl.net It's really easy to do and if you're checking in to the net on a regular basis anyway, you're already there! Please, we need volunteers from all over Ohio to do this net. It is important, and I will guarantee this, it's really FUN!! Want to take a look at the Preamble to see just how easy it is to run this net, here's the link: <http://arrl-ohio.org/digital/Ohio%20DMR%20Net%20Preamble.pdf>

The reason for conducting this net every week and having you actually check “IN” is to make sure that all of our connections to the now ever-growing and changing list of repeaters throughout the state are working as we want them to.

Sometimes things don't always work as we expect them to, and testing this system, and ourselves, each week gives us the ability to better understand what can happen during any emergency situation. Come join in on the fun every Wednesday evening at 8:30pm local on the DMR - 3139 talk group!

Has your club taken the challenge? I have challenged all the clubs in Ohio to get your members to “check-in” to the DMR Net at 8:30pm every Wednesday night. Let's get everyone on DMR to check in!

Now, I know that it's gonna' take some time to get everyone to by into this idea, but I know that it will be worth it for sure! Just think of it, around 2,000 folks all checked in on a controlled net, it will be amazing for sure and maybe one that will break a record!

Don't know which ARES District you're in? Click on this link: http://arrl-ohio.org/SEC/district_map.htm and find your county. You will then see which District you reside in.

You can also find a ton of information about DMR and the most popular DMR Nets on the website: <http://arrl-ohio.org/digital/digital.html>

Final.. Final..

Hey Gang...

Is it just me? It seems to me as though we need volunteers to help out with every kind of event that you can think of. Are you volunteering, or, are you one of those who say “I just don’t think I want to do that, but.. if you have a **REAL** emergency, let me know, I can always find time for that! It’s true, we have way too many folks that think things like bike races and marathons are not training. Wow, how wrong you are!! It is training, and it soon will count! Yes, our new ARES Connect system is based on events like this! All kinds of events, bike races, foot races, heck, even those things that we have FUN with like Field Day will soon count. Most of these events are really interesting and yes, even FUN to do. And, like I said, the new ARES Connect system will very soon be up and running for real here in Ohio!

As most of you know, Ohio was chosen as one of four test Sections in the country. Why? Well, that’s easy. We are a very active Section and Headquarters knows it! If you read the results from the 2017 ARES S.E.T. from page 2, you already know just how active we are! Now, I’m here to tell ya’ that Ohio, like the other three test Sections will be released very soon to start migrating the remaining counties into the new system. Yes, we will kick off the release of the new system before any of the other Sections outside of the Beta testing. Once this has been done, we will be using the new system. We will still use our old system of reporting for a little while yet, but it will disappear in the not so distant future, and we will be on the ARES Connect System completely.

How’s your training going? Yes, I know that I’ve been hammering hard on this, but as a lot of you found out at the ARRL Forum at Dayton last month that things are going to change within ARES very soon. Our Great Lakes Director, Dale Williams, WA8EFK has been heading up this committee to change ARES and its requirements for some time now. Dale gave a really good overview of those proposed changes at that forum. Yes, for now they are just proposals, as that the Board of Directors have not voted on accepting them yet. That will happen in about a month from now at the July Board of Directors meeting.

Once adopted, it will be the new way of operating in ARES from that point forward. I've been hammering on you for a very long time now so that you would be prepared for when this day comes, and as you can see, it will be coming very soon now! The changes to the NEW ARES program are dramatic, but they are easily obtained. You just have to be willing to LEARN a little.

Why do we need these changes? That's easy, let me break it down this way, 4 years ago (2014) during the 100th Anniversary of the ARRL, we told Federal Emergency Management Agency (FEMA) in an agreement that we signed with them, that we would help out with communications in disasters. They stated that they would be willing to accept our help, but only if we agreed to training. So, with that knowledge in my pocket, I started on a campaign to make sure that NO ONE in Ohio would be left behind or forgotten about. We started with the E.C. and D.E.C. appointments and required them to have, or quickly obtain the training as part of their acceptance to their appointment.

In 2016 we were involved with the federal government and many served agencies for the Republican National Convention and the NAACP National Convention. We were told then and there that we HAD TO HAVE this, and even additional NIMS training, in order for us to participate. It wasn't just us as hams either, EVERYONE involved with these projects had to have the training. And that made me see just how important this was to our future with all of our served government agencies.

So, at the beginning of 2017 we ramped up that training requirement for individuals that wanted to work inside our government served agencies, feeling that the need to understand Incident Command is absolutely needed. Now, it's not without consideration for how this impacts all of you and your volunteer time. So, let me take a quote from the NIMS Training Guide as to who **should** have the training.

Q: Who should take NIMS and ICS training?

A: Everyone involved in emergency management (to include emergency operation center personnel in support of the field), regardless of discipline or level of government, should take the NIMS baseline curriculum courses (Independent Study-700 and ICS-100). The NIC recommends that only individuals with a command and general staff role take advanced ICS courses. Fulfilling the training associated with this plan helps emergency management organizations, departments and agencies to develop preparedness capabilities for effective and efficient incident management. As a result, trained emergency responders are available as mutual aid to support incident management in other jurisdictions, if requested. The NIMS Training Program should sustain a personnel qualification system that is coordinated, maintained and meets the needs of the emergency management community.

As the above states. **Everyone** that is involved in support of the field! That's us folks!!

Now, don't forget that your ICS certificates aren't the only things we're looking for either. If you have Basic First Aid, CPR or AED training, it's also very valuable in the field as well. And, don't forget about the newest training out there, "**Stop the Bleed...**" This one is really good, and it's something that you can use no matter where you are. These courses are not only useful for you in the field, but you'd be surprised how they can help you around the house as well. Remember, most accidents happen within 25 miles of you home! And YES, my accident last year happened within that 25-mile radius. You need to be prepared!

Ok, as I told you last week, we've gotten to the 700 mark! Congratulations and an ARRL ARES Mesh Vest went out to Ken Cornett, N8SPW. He was the 700th person to send us his NIMS certificates! And YES, he was sent an ARRL ARES Mesh Vest! Now, on to number 725!!

Here's the figures as Jim, W8ERW has given them to me... Members in the database – **946**; Active members – **913**; Members NIMS complete -**703**; Total courses logged - **6,589**; 2017 training courses – **782**; 2018 training courses - **390** These numbers just keep growing. And we want them to continue for sure!

Website updates.. It seems that every week we updated the DMR Net Listing webpage thanks to Greg, WD9FTZ. And, of course, the ever changing and growing NIMS Roster from Jim, W8ERW.

That's going to do it this time around... I'll catch you on down the log for sure, and stay dry my friends!!

Scott, N8SY...
